

THE SOUTHERN CALIFORNIA SEAHORSES were founded in 1983, with the vision to share the gospel through the environment of soccer. Throughout the past 25 years, the Seahorses have fielded amateur teams, hosted youth camps and ministered abroad on international tours.

SoCal Seahorses

THE HISTORY

Each summer the Seahorses host as many as 500 campers at varied locations providing quality coaching and Bible lessons with many young athletes making decisions for Christ.

In 2001, the Seahorses began participating in the USL's Premier Development League (PDL) and have achieved much success including the capturing of the Fair Play Award and the Western Conference Championship in 2002.

The Seahorses minister throughout the world organizing tours for those who have a passion for soccer and a committed desire to share Christ with others. For the past several years Japan has been our primary focus for these tours with teams of young men and women bringing Christ's love to the Japanese and servicemen stationed there.

Locally, the Seahorses reach out to neighboring communities with after-school programs, clinics and a Hispanic outreach.

Each of these programs, combined with our Sports Ministry Training provide the avenue for us to fulfill our vision of doing ministry, training sports ministers, and deploying trained individuals to the outer regions of the world.

CLINICS

GAMES

RELATIONSHIPS

CULTURE

WHERE: Shizuoka and Osaka, Japan

WHEN: June 25-July 6, 2009

WHO: College Age Women and High School Seniors

COST: \$2,950

THIS TOUR will stretch each participant on and off the field. We will be learning what it means to be a sports minister, as well as putting what we learn into practice through many different avenues of ministry such as matches, camps, post-game meals, testimony sharing, clinics and pre-tour training. Our hope is that each girl on this tour comes home with a deeper knowledge of our Lord, Sports Ministry and a confidence in sharing her faith with others.

COME JOIN US for this exciting 2009 outreach to Central Japan. This is the 13th year for the Seahorses to minister in Japan. We have received a special invitation for a women's tour as Shizuoka Prefecture is dedicated to emphasizing women's soccer for the next 3 years. Japanese soccer is quite competitive and as a country the interest at the grass roots level is booming.

This will be our 6th time to bring a women's soccer team to partner with pastors in 2 cities in Central Japan: Osaka and Shizuoka. These pastors have arranged outreaches to local, select, and university women's teams as well as clinics for local elementary schools. Though the soccer and ministry schedule is quite busy, we will take a day to rest and tour a scenic and cultural Japanese location.

Get ready to be challenged by an opportunity to represent your Savior, your country, your sport, and the Seahorses through this awesome opportunity.
